SECTION 3 - DESCRIPTION OF SWITCHED SERVICES

3.1 Operator Toll Assistance Services (continued)

3.1.5 Billing Options (continued)

(B) Collect¹

(T)

This is a billing option where the called party is verbally asked if they will pay for the call. If accepted the call is completed, the called party is billed for the call. Calls may be billed to domestic numbers only.

(C) Third Number¹

(T)

This is a billing option where a long distance call may be charged to a telephone number other than the originating telephone number or the telephone number of the called party. Prior to completing the call, the operator will determine whether or not the charges are authorized to be billed to the third number. Calls may be billed to domestic numbers only.

(D) Sent Paid

This is a billing option where the Customer originating the call pays for the call by having the call billed to the originating telephone number. This billing option will initially be restricted from coin origination.

3.1.6 Level of Automation

Operator Toll Assistance Services calls may be completed with or without assistance of an operator. There are three (3) levels of automation for Operator Toll Assistance Services. They are:

(A) Operator Dialed

An operator dialed call occurs when the person originating the call has the ability to dial all the digits necessary for call completion but instead asks the long distance operator to place the call. The operator dials the called number and the billing number. The operator dialed per call charge applies in lieu of the operator assisted per call charge.

The rates for the operator dialed per call charges Section 7 apply to: Station-to-Station and Person-to-Person calls when the caller has the ability to dial all the digits necessary for call completion but instead asks the long distance operator to place the call. The operator dialed per call charge will not be applied to:

- .1 a call that cannot be completed by the caller due to equipment failure or trouble on the long distance network or
- .2 a call placed by a party identified as disabled and as a result of that disability cannot complete the call.

¹Effective March 18, 2016 this Billing Option will be discontinued and withdrawn from operation.
